

KEY FACTS FOR ST QUENTINS

HEALTHCARE MANAGEMENT TRUST (HMT)

The Healthcare Management Trust (HMT) is a registered charity delivering not-for-profit health and social care services across England and Wales.

For over four decades, we have been committed to providing high-quality healthcare and compassionate support to those who need it most. As a charity, our focus is not on profit, but on people. Every surplus we generate is reinvested back into our homes, our services and our teams to continuously improve the care we provide.

We are privileged to support residents and their families at important stages of life, and we are dedicated to making a positive difference every day.

OUR VALUES

At HMT, our work is guided by four core values:

Compassion

We treat every resident with kindness, empathy and understanding.

Dignity & Respect

We honour individuality, promote independence and respect personal choice.

Excellence

We strive for the highest standards of care, safety and professionalism.

Community

We create welcoming, inclusive environments where residents, families and staff feel valued and supported.

STAFFING

Staffing levels are regularly reviewed to ensure they reflect the needs of our residents. We use structured assessment tools to determine appropriate staffing levels each day.

Our teams are trained, supported and encouraged to deliver care that is both professional and compassionate. Further details regarding staffing arrangements are available from the Home Manager
